(b) if so, the results of such survey; and

(c) the programme of the Government to demolish such additional unauthorised construction and take the excess occupied land from them?

Answer

MINISTER OF STATE FOR URBAN DEVELOPMENT & POVERTY ALLEVIATION (SHRI BANDARU DATTATREYA)

(a): Yes, Sir.

(b): The Survey Committee inspected 276 petrol pumps and found encroachment in 191 petrol pumps. The local agencies have served notices to those petrol pump owners who are found to have encroached on the Government land in excess than the actual allotment made to them. Some of the petrol pump owners have gone to the court against the notices issued to them for the encroachment and thus in their case the matter is sub-judice. The detection of encroachment in petrol pump sites is a continous process.

(c): Directions have been issued to the local bodies/land owning agencies to take strict action under the terms and conditions of lease agreements against all encroachments/unauthorised construction.
